ASCENSION - INTERNATIONAL EDITION - 2026

FROM SHADOWS INTO LIGHT

AVELEENE is a French electronic artist who transforms adversity into collective energy. Blending House, Afro-inspired rhythms, urban influences and euphoric melodies, he creates a futuristic universe where shadows become light.

THIS IS NOT A COMEBACK.
THIS IS THE ASCENSION.

AVELEENE - FROM SHADOWS, WE RISE.

- FRENCH ELECTRONIC ARTIST
- HOUSE X AFRO X URBAN
- EMOTION X ENERGY X FREEDOM

A STORY OF RECONSTRUCTION

Born and based in Grenoble, France, AVELEENE first stepped on stage at the age of 14. As a DJ, producer and showman, he refused early on to be defined by a single genre, developing a sound at the crossroads of House, Afro-inspired rhythms, urban influences and euphoric electronic music.

In 2020, a life-changing assault interrupted his journey and kept him away from the stage. After a long rebuilding process, he returned in 2022 with a new purpose: to turn every challenge into strength and every performance into a space for collective freedom.

That return sparked rapid momentum. He built an engaged community through TikTok Live, reached the global Top 5 of a music event, released the album UNIVERSE, and became the official DJ for The Versus in Marrakech in 2026.

With ASCENSION, AVELEENE enters a sharper, more ambitious and international chapter - driven by a recognisable visual identity, powerful records and one universal message: from shadows, we rise.
